

Supplementary Material

Supplementary Figure 1. Kaplan-Meier curves of the cumulative incidence of all-cause mortality and MACE in according to the presence of anemia. A & C, preoperative anemia; B & D, postoperative anemia.

Supplementary Figure 2. Kaplan-Meier curves of the cumulative incidence of all-cause mortality and MACE in according to platelet-to-lymphocyte ratio. A & C, preoperative levels; B & D, postoperative levels.

Supplementary Figure 3. Kaplan-Meier curves of the cumulative incidence of all-cause mortality and MACE in according to neutrophil-to-lymphocyte ratio. A & C, preoperative levels; B & D, postoperative levels.
